Amazon.com: yamaha outboard water pump kit 90 hp

I am in the market for a used 90HP outboard for my Alumacraft 165. I am upgrading from a 50hp Honda 4 cycle. Are there any engines I should avoid? I have been seeing a lot of used Yamaha's in my range. I am willing to switch to 2 cycle if it was one of the e-tecs, or similar. I don't want anything older than 2000. Thanks
