Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

Re: OMC Side Mount Control Manual The other lever, the one that lifts up, is for giving it some throttle to start and warm up the motor without putting it in gear. Raise it to give it some throttle, lower it all the way to go back to idle. It has to be all the way down before you can shift. The gizmo with the rope (lanyard) is a kill switch.
