Former dancer Hannah Mason co-created California's first cannabis yoga studio with Julian Brand after years of incorporating cannabis into their own practices to help ease muscle pain and increase focus. "Cannabis can be a catalyst to bring yoga practitioners into their internal landscape and allow a deepening to the process of self-exploration and self-knowledge," Mason told Lonely Planet.

You can now go to "Bring Your Own Cannabis" yoga sessions ...

A circle of latitude on Earth is an abstract east-west circle connecting all locations around Earth (ignoring elevation) at a given latitude... Circles of latitude are often called parallels because they are parallel to each other; that is, planes that contain any of these circles never intersect each other. A location's position along a circle of latitude is given by its longitude.
