### Cincinnati Milling & Grinding Machines Serial Numbers ...

Late-model Dial Type milling machines Before the introduction of the heavily revised versions (with separate column and knee dials) the sizes 2, 3, 4 were fitted with electrical push-button control of spindle start, stop and speed selection - and so removed the need for the traditional clutch lever or starting handle as Cincinnati termed it. The push buttons were arranged along the front edge of the saddle and duplicated on the left-hand side of the column - with a further set of controls on ...
