Corporate Warriors The Rise Of

"A must read for anyone interested in the art of war, Corporate Warriors is a fascinating analysis of a new, often secretive, global industry. Marked by impressive research, this path-breaking study describes a pattern of increasing reliance on private military firms by individuals, corporations, humanitarian groups, governments, and international organizations.

Corporate Warriors: The Rise of the Privatized Military ...

Corporate Warriors: The Rise of the Privatized Military Industry by P.W. Singer is a very compelling book that introduced me to a sector of American Defense Policy that I was critically under-informed regarding. Though the book is prefaced to be aimed at a Political Science audience, I found it to be very accessible.

Corporate Warriors: The Rise of the Privatized Military ...

In Corporate Warriors, Singer provides historical background for the hiring of private military personnel and then describes their contemporary use globally. He notes that the employment of mercenary soldiers began thousands of years ago. But as modern states developed, governments moved to place all military forces under their control.

provides the first account of the military services industry and its broader implications. The privatization of warfare allows startling new capabilities and efficiencies in the ways that war is carried out. At the same time, however, Singer finds that the entrance of the profit motive onto the battlefield raises a series of troubling questions—for ...
