Critical Thinking Study Guide - Pay someone to write ...

1.1 What is critical thinking? To think critically is to examine ideas, evaluate them against what you already know and make decisions about their merit. The aim of critical thinking is to try to maintain an 'objective' position. When you think critically, you weigh up all sides of an argument and evaluate its strengths and weaknesses.

Skills for OU Study - The Open University

This guide to critical thinking stresses the importance of asking and answering questions. In everyday life the term 'critical' is often seen as negative or destructive. Being critical in academic life, however, does not mean questioning things randomly, or for the sake of 'nit-picking'.
