Common Core Resources / Depth of Knowledge

Addressing Depth of Knowledge. To meet the rigor of Common Core assessments, daily lessons in all content areas should address higher-order thinking by: Including question types modeled after the Smarter Balanced questions. Having the teacher model thinking processes. Asking students to justify answers and explain how they determined their answer.

Depth of Knowledge - DataWORKS

Level 1 is the first depth of knowledge. It includes recall of facts, concepts, information, and procedures—this is the rote memorization and basic knowledge acquisition that makes higher-level tasks possible. Level 1 knowledge is an essential component of learning that does not require students to go beyond stating information.

How Depth of Knowledge Drives Learning and Assessment

Depth of Knowledge, or DOK, is a way to think about content complexity, not content difficulty. That is the first thing with which people must come to understanding. Complexity is different from difficulty. For example, if students have not seen the word or content before, it might be difficult for them, but it is not complex.

Professional Development / Depth of Knowledge (DOK)

Depth of Knowledge: Depth of Knowledge represents the comparison of the cognitive demand of the Common Core Standards and the cognitive demand of the Assessments given to determine their mastery. Levels of Thinking in Bloom's Taxonomy and Webb's Depth of Knowledge Descriptors of DOK levels for Social Studies Descriptors of DOK for the Arts
