—Ira Glass, host of public radio's "This American Life" "Brilliant book. Drift will stun Americans with its portrait of a hyperventilating United States that has produced too many real live Dr. Strangelove moments. Drawing from thoughtful, national interest-driven conservatives and not just the liberal establishment, Maddow makes the case that what ought to be a strong nation is instead risking shipwreck, by letting war and military matters escape real political and economic ...

...

Drift: The Unmooring of American Military Power is a 2012 book by Rachel Maddow. Her first book, Drift explores the premise that the manner in which the United States goes to war has gradually become more secretive and less democratic. In Drift, Maddow examines how American declarations of war have incrementally shifted from being congressionally approved to being centralized in the hands of the American president. The book's scope spans from the Vietnam War to the wars in Iraq and Afghanistan.
