counselling, and literacy then was merely a vehicle. Some stories contain references to emotional issues holding learners back from performance, such as fear of incompetence (p. 195). And perhaps emotional support was indeed the right means to empower some women. For example, female prisoners presumably gained self-efficacy (Chapter 35).

When women are empowered through literacy, they can find their voice, be strong, get educated, and improve their lives. Real life examples of women's empowerment through literacy include: leaving abusive situations, getting a better job, improving their health, breaking the cycle of poverty, and furthering their education so their children have an increased opportunity for academic success.
