Iesna Lighting Ready Reference - modapktown.com

Description / Abstract: Preface: This fourth edition of the IESNA Lighting Ready Reference is a compendium of the most often used materials from the IESNA Lighting Handbook, 9th Edition, published in 2000. It is not intended that this volume replace the Handbook or other IESNA publications, which provide more in-depth treatment on specific technical and lighting application topics, but rather that it offer selected material in a useful, more portable format for "ready reference."
