If you really want to do it, there is a LOT to converting from an automatic to a manual transmission. Just getting the clutch pedal and hydraulic clutch mechanism installed and working is a PITA. Plus you would need a new ECM (engine computer). Just going from my 5-speed to the automatic was a big PITA.

Conversely, I've never once thought, "Hey, this Jeep needs an automatic!" while driving one of my manual-transmission Jeeps. I just like to feel connected to my Jeep, and I feel an automatic takes that away. A particular caution with automatic transmissions lies in the obvious: you can't control the gears as easily.
