Ken Wilber In Dialogue Conversations

A passionate conversation among the best minds in transpersonal studies about the ideas of Ken Wilber, the prominent contemporary thinker whose first book, *The Spectrum of Consciousness*, published by Quest in 1977, launched the transpersonal psychology movement. Transpersonal thinkers taking part in this dynamic dialogue combine Eastern and Western spirituality with mainstream fields such as psychology, medicine, physics, and ecology to map the human drive toward Spirit.

Genpo's technique is much less threatening than all that, drawing heavily upon Hal and Sidra's Voice Dialogue to establish a dialogical process with the "small self," or ego, which Ken Wilber proclaims "is arguably the most important and original discovery in the last two centuries of Buddhism." The idea is simple: if you seek to set the self aside and discover the true majesty of this present moment, an aggressive attack upon the self just isn't needed—all you need to do is ...
