Mental Maths in Minutes for Ages 7-9 : Photocopiable ...

Use mental math to quickly estimate
that the 10-pack must cost less than
\$2.00 per pack because $10 \times 2 = 20$.
This is a better deal than the second
option where each pack costs more than
\$2.00. Mental math is useful in other
ways too. It keeps math facts from
getting rusty. It can also help get to the
answer faster.

Mental Maths in Minutes for Ages 7-9: Photocopiable ...

Mental math should be distinguished from the memorization of math facts such as multiplication tables. A foundation of memorized answers to simple math problems will make mental math easier, but performing maths in your head requires both memorized facts and the manipulation of numbers and operations to solve problems. This combination of skill ...
