You'll be able to download the books at Project Gutenberg as MOBI, EPUB, or PDF files for your Kindle.

Occult Knowledge Science And Gender

Intended for scholars of literature, gender, and science history, this book argues that Renaissance drama participates in natural philosophy's production of epistemological boundaries. The representation of preternatural phenomena not only demonstrates a belief in occult forces, but it also suggests that presumptions about women's secret knowledges influenced emergent scientific discourse.

Occult sciences. The idea of "occult sciences" developed in the sixteenth century. The term usually encompassed three practices—astrology, alchemy, and natural magic—although sometimes various forms of divination were also included rather than being subsumed under natural magic. These were grouped together because, according to the Dutch scholar of hermeticism Wouter Hanegraaff, "each one ...
