### Documentation - Oracle APEX

Whether you are a developer, a DBA, a data scientist, an educator, or just curious about databases, Oracle Database 18c Express Edition (XE) is the ideal way to get started. It is the same powerful Oracle Database that enterprises rely on worldwide, packaged for simple download, ease-of-use, and a full-featured experience.

### Oracle Database Express Edition

Oracle Application Express in Oracle Database 12c Oracle Application Express Release 4.2.6.00.03 is installed by default in Oracle Database 12c Release 1 (12.1). One of the major new capabilities introduced in Oracle Database 12c is Multitenant Architecture. [Please review the Multitenant Architecture on OTN to learn about this new architecture]

### Application Express in Oracle Database 12c

Oracle Application Express utilizes a simple architecture where pages are dynamically generated using metadata stored within the Oracle Database. There is no code generation or file based compilation. Once fully installed, the Uniform Resource Locator (URL) will be defined for both developers and end users to access Application Express.

### Oracle Application Express - Deployment

In Oracle Database 11g, Oracle Application Express is installed when the database is installed. All you need to do is configure the PL/SQL gateway. In prior releases of the Oracle Database, you needed to install Apache, which is no longer needed although you can still use that option in Oracle Database 11g.
