National League for Nursing (2010). Outcomes and ...

Competencies and outcomes can be written to describe the learning gained by students in individual courses (course outcomes) or for the program as a whole (program outcomes). They DO NOT mean the same thing. We will follow the lead of Hartel and Foegeding (2004) and use the following working definitions: Competency: A general statement that describes the desired knowledge, skills, and behaviors of a student graduating from a program (or completing a course).
