Radio Shack, in fact, has a promotion right now locally and is selling the entire setup with books included for \$59.99. I don't have any relationship to Radio Shack other than as an occasional customer - so I'm not biased in any way. In fact I prefer to buy most all my electronics through Amazon or online.

Amazon.com: Customer reviews: RadioShack 28-280 ...

Getting Started in Electronics has sold more copies than any other book about electronics. The book was written for Radio Shack, where it sold more than 1,300,000 copies. "Getting Started in Electronics" and the Forrest Mims Mini-Notebook series are now published by Master Publishing and can be ordered from the Master Publishing site at www.forrestmims.com.

Forrest M. Mims III

This review is for the Radio Shack (28-280) Electronics Learning Lab; bought at Amazon. This is a great product for introducing your daughter (or son) into the electronic world. The lab has a bread board circuit design center which is how an electronics expert would set up a circuit design.
