This article surveys the theory of the
public enforcement of law -- the use of
public agents (inspectors, tax auditors,
police, prosecutors) to detect and to
sanction violators of legal rules.

Public economics is the study of government policy through the lens of economic efficiency and equity. Public economics builds on the theory of welfare economics and is ultimately used as a tool to improve social welfare. Public economics provides a framework for thinking about whether or not the government should participate in

Economic analysis of law applies the tools of microeconomic theory to the analysis of legal rules and institutions. Ronald Coase and Guido Calabresi are generally identified as the seminal articles but Commons and Hale among others had brought economic thinking to the study of law in the 1910s and 1920s.
