New Oxford Handbook of Economic Geography - Oxford Handbooks

Abstract. The Oxford Handbook of Ethics and Economics provides a timely and thorough survey of the various ways ethics can, does, and should inform economic theory and practice. The first part of the book, Foundations, explores how the most prominent schools of moral philosophy relate to economics; asks how morals relevant to economic behavior may have evolved; and explains how various approaches to economics incorporate ethics into their work.

Oxford Handbook of Ethics and Economics - Oxford Handbooks

Abstract. The Oxford Handbook of Economic Inequality presents a challenging analysis of economic inequality, focusing primarily on economic inequality in highly-developed countries. This comprehensive and authoritative volume contains twenty-seven original contributions on topics ranging from gender to happiness, from poverty to top incomes, and from employers to the welfare state.

The Oxford Handbook of Political Economy surveys the field of political economy. Over its long lifetime, political economy has had many different meanings: the science of managing the resources of a nation so as to provide wealth to its inhabitants for Adam Smith; the study of how the ownership of the means of production influenced historical processes for Marx; the study of the inter-relationship between economics and politics for some twentieth-century commentators; and for others, a ...
