Monthly "all you can eat" subscription services are now mainstream for music, movies, and TV. Will they be as popular for e-books as well?

Title Practical Ultrasound An Illustrated

Practical Ultrasound: An Illustrated Guide is here to solve that problem; packed full of illustrations and scans, it employs a four step practical guide in the use and reading of ultrasounds. Focusing on different anatomical areas and conditions specific to those body parts, each chapter uses a combination of illustrations and scans to provide a step-by-step guide to what to look for and where to find it: step 1 - where to put the probe; step 2 - instructions to operator; step 3 - schematic ...
