Through Your Child's Eyes. It's one thing to read about learning and thinking differences. It's another thing to see them through your child's eyes.

Experience firsthand how frustrating it is when your hand won't write what your brain is telling it to. Or how hard it is to complete a simple task when you have trouble focusing.

Reflections on...trauma through a child's eyes

Trauma Through a Child's Eyes offers an understanding of how trauma is embedded in the nervous system and not the event itself. Levine and Kline explain succinctly how trauma is imprinted on the body, brain and spirit, resulting in anxiety, nightmares, depression, physical illness, addictions, hyperactivity and aggression.
