universally compatible
with any devices to
read

It's disappointing that
there's no convenient
menu that lets you just
browse freebies.

Instead, you have to
search for your
preferred genre, plus
the word 'free' (free
science fiction, or free
history, for example). It
works well enough
once you know about
it, but it's not

Book studies (or book history) is a relatively new discipline. It developed from analytical bibliography which focused solely on the book as a physical object towards a highly interdisciplinary field of study which encompasses the production, distribution and reception of the book in combination with all possible external powers like
